Maintaining savings gives you the security to meet your different needs throughout life, whether you require money for housing need or for your personal retirement planning. We therefore introduce our **i.368** whole-life saving plan, which consists of both saving and life insurance protection. This plan also includes a regular and flexible saving feature that allows you to make your own smart financial decisions. The result is that you can reach your savings objectives at the right times in your life.

## GUARANTEED CASH COUPON FOR YOUR SMART SAVINGS

You have the flexibility to withdraw the cash coupons and dividends, and use them in any way you wish, or re-invest them, to accumulate even higher interest.

## INCREASE YOUR SUM INSURED WITH NO COST

**i.368** does not only offer a savings element, but also provides you with intensive whole-life protection. Moreover, 3%\* of the sum insured will be added at the end of every three-year period. The premium payment will remain unchanged.
